All power for Spring Fling vendors is supplied through generators that the City rents. The quantity and sizes of generators the city rents is completely based on the needs of individual vendors. It is for this reason that you must complete this form **very carefully**. We will only be prepared to handle the voltage and amperage you have indicated on this form. List all electrical equipment such as cook-tops, fryers, broilers, fans, toasters, refrigerators, microwaves, multi-outlet strips, etc. Each booth will be inspected to prevent circuit overload. Any equipment not listed is subject to removal.
