VIII. Spartanburg Playful City USA – 3 New Parks Projects Update

Presenters: Kim Moultrie, Parks and Recreation Director

Mitch Kennedy, Assistant City Manager

Ms. Moultrie presented the item to Council as follows:

“The spirit of partnership and collaboration continues to advance quality of life improvements in our City. Three new play space projects are scheduled to be completed by the end of October.

- The Pineview Hills Neighborhood Association submitted a grant request to the Mary Black Foundation for a new playground and park improvements in their community owned park space. The request was granted, and City staff is working closely with the neighborhood to complete this project.
- The City and its community partners have a long standing relationship with the national organization “Kaboom”, having been designated a “Playful City USA” 11 times, and was the first in the State with that designation. City staff was made aware of a “Community Build Playground” grant opportunity and identified the Beaumont Neighborhood as the designated neighborhood. The grant was awarded and staff will coordinate the planning with Kaboom, Beaumont Neighborhood Association, and community partners for a community build in October. This will be the second “Kaboom Community Playground Build” in the City.
- Several months ago the City was contacted by Spartanburg County School District 7, Meeting Street Academy, and Denny’s regarding a potential play space at Denny’s Plaza to support the recreational activities of Meeting Street Academy. The academy lacks adequate place space for students age 5-12, and often can be seen playing in the Broad Street parking lot adjacent to the school. A series of meetings amongst the partners led to a plan to construct a new playground at Denny’s Plaza on the Campus of Denny’s Corporation. The park improvement will be added to the Joint-Use Agreement between the City and School District 7, which gives public access to the space when not in use by Meeting Street Academy, or any other District 7 function. The project is scheduled to be completed in early October.

Staff would like to update City Council on some additional details of each project, and what it means to our neighborhoods, downtown, and community partners.”

Council received the parks update as information.
